

Vrinda Store — Annual Sales Analysis Report (2024)

Author: Jyoti Gupta

Tools: Microsoft Excel (Power Query, Pivot Tables, Pivot Charts, Slicers)

Executive Summary

This analysis of 25,000+ Vrinda Store transactions for 2024 identifies that women ($\approx 64\%$) and the 30–49 age group ($\approx 50\%$) are the primary revenue drivers, and that Amazon / Flipkart / Myntra contribute the majority of orders.

Project Objective

Analyze Vrinda Store's 2024 sales to understand customer segments, identify top-performing states, analyze sales channels, and provide insights for 2025 revenue growth.

Key Business Questions

- Monthly Sales vs Orders Trend
- Highest Revenue Month
- Gender & Age Group Purchase Behavior
- Top 10 Revenue States
- Channel Performance
- Order Status Distribution
- % Orders Delivered

Methodology

- Data Cleaning using Power Query
- Created Month, Year, AgeGroup fields
- Built KPIs using Pivot Tables
- Designed Interactive Dashboard with Slicers & Timeline Filters

Key Findings

- Women contribute $\sim 64\%$ of purchases
- Age group 30–49 contributes $\sim 50\%$

- Maharashtra, Karnataka, Uttar Pradesh are top states
- Amazon, Flipkart, Myntra drive the most orders
